

Once in a Lifetime Opportunity!

Yellowstone & Jackson Hole ISAP Symposium 2016

“From Molecules to Innovative Pavements”

With a special one-day concurrent session for the

53rd Petersen Asphalt Research Conference

July 18-21, 2016

Snow King Resort and Conference Center - Jackson, Wyoming, USA

Gateway to Grand Teton and Yellowstone National Parks

- Sunday, **May 22, 2016**, is the **last day for the Early Bird Registration Rate**. Register [HERE](#).
- Please join us for a Welcome Reception featuring Birds of Prey and Yellowstone Park Ranger presentations Monday evening, July 18, from 6:30 to 8:30.
- A truly memorable chuck wagon dinner/rodeo at the Jackson Hole Fairgrounds has been planned for Wednesday evening's (July 20) special event.
- Based on the high number of submitted papers this year's symposium is anticipated to include topics such as:
 - Modification of asphalt materials: polymer, GTR, PPA and other additives - including innovative testing methods
 - Binder and mixture aging performance
 - Recycling: extender oils, rejuvenators and RAP or RAS
 - Binder and mixture modeling
 - Moisture sensitivity for binder, mix and pavement
 - Warm mix technologies
 - Binder/mastic and mixture/pavement performance testing and evaluation with emphasis on low temperature
 - Aggregates and mixture compaction and performance
 - Pavement skid resistance, friction and pavement noise

Exhibitor/Sponsorship Opportunities Are Available.
