Dear colleague and friend,

the 2nd International Symposium on Asphalt Pavements and Environment will be organized in Fortaleza on **1-3 October 2012**.

The conference topics will be:

- Hot and cold recycling of RAP
- Life cycle assessment
- Shingle recycling
- By-products and secondary materials recycling in asphalt pavements
- Bio-asphalt
- Nano-modification of asphalt materials
- Bitumen fumes
- New technologies and special environmental aspects for asphalt pavements (warm asphalt, noise reduction environmentally sustainable new materials, solar energy capture, pollution absorbing materials,...)

All papers accepted after a rigorous peer review process, will be presented in plenary session or poster session (high level or standard level) and will be published in the conference proceedings.

The best papers selected among the papers presented in the conference (plenary session and high level poster session) will be proposed to be submitted for publication in a special issue of the journal RMPD (after an upgrade at journal paper level by the authors and after a second review process, following the journal's rules). The best papers will be selected by the Conference Chairmen and the ISAP TC APE WG Chairmen.

We'd like invite you to submit a 350 words abstract by July 17th 2011.

Please visit the Conference website [<http://www.det.ufc.br/isap2012/>] for submission informations. We kindly request also to distribute the invitation among your colleagues, and elsewhere.

Please accept our apologies if you have already received this message or if it is of no interest to you.

Best regards

Manfred Partl, Jorge Soares and Gabriele Tebaldi
